

UNWRITTEN TYPE FOUNDRY

Educational Font Software End User License Agreement

IMPORTANT NOTICE

Please carefully review the terms of this Licensing Agreement prior to installing or using fonts or software from Unwritten Type Foundry. This End User License Agreement (EULA) outlines your rights as a licensee of the fonts and/or software. If you do not agree to the terms outlined in this Agreement, you are advised not to purchase or install this font/software package.

Digital software purchases are final and non-refundable, except in cases of duplicate accidental purchases evaluated at our sole discretion. All distribution rights for the fonts covered under this End User License Agreement (EULA) are reserved by Unwritten Type Foundry.

Licensing Agreement

This Educational Font Software End User License Agreement (“License” or “Agreement”) is a legal agreement between you or the institution, organization, or other legal entity that you represent (“the Licensee”) and Unwritten Type Foundry (“the Licensor”). By obtaining, downloading, and/or installing the delivered software, you agree to the terms and conditions set forth in this Agreement. This License is offered at the Licensor’s sole discretion to eligible educational users as defined below, in place of the standard Desktop and Web Font Software License Agreements.

1. Terms and Definitions

1.1 “Font Software” (hereinafter “Font”): Any digital font file, software, or data provided by the Licensor under this License, in desktop formats (OTF, TTF) and web formats (WOFF, WOFF2).

1.2 “Workstation”: Any computer, laptop, tablet, or device capable of utilizing or rendering the Font.

1.3 “Educational Use”: Use of the Font strictly for non-commercial teaching, learning, and academic purposes, as further defined in Section 3.2.

1.4 “Individual Licensee”: A currently enrolled student or currently employed educator or faculty member licensing the Font for their own personal, non-commercial educational use.

1.5 “Institutional Licensee”: An accredited educational institution — including but not limited to schools, colleges, universities, and academic departments — licensing the Font for shared use across its students and staff, as declared at the time of purchase.

1.6 “Basic Educational License”: A license that grants the Licensee the set of non-exclusive rights explicitly listed in this Agreement, scoped to either the Individual Licensee or Institutional Licensee tier selected at checkout.

1.7 “Additional License”: An extension or custom license purchased separately that confers additional rights, including but not limited to commercial use, font modification, server installations beyond those described herein, app embedding, or web traffic beyond non-commercial educational levels.

1.8 “Licensee”: The individual, educator, or institution purchasing the license or to whom the license is issued.

1.9 “Licensor”: Unwritten Type Foundry.

1.10 “Unwritten Type Foundry”: Alfredo Marco Pradil, operating as an autónomo (self-employed professional) under Spanish law with NIE Z3622680R, doing business under the commercial name Unwritten Type Foundry, based in Zaragoza, Spain.

2. Eligibility and Verification

2.1 Eligible Licensees: This License is available only to (a) individuals who are currently enrolled students or currently employed educators or faculty at an accredited educational institution, or (b) accredited educational institutions themselves.

2.2 Verification at Checkout: The Licensee must complete checkout using an official institutional or school email address (e.g., a .edu domain or equivalent) and provide the name of the relevant institution as requested.

Individual Licensee: The email address used at checkout must belong personally to the enrolled student or employed educator or faculty member on whose behalf the License is issued.

Institutional Licensee: The email address used at checkout must belong to the institution’s own domain, but need not belong to a specific named individual — a department, administrator, or procurement contact purchasing on the institution’s behalf is acceptable.

The Licensor reserves the right to request additional proof of eligibility at any time, including but not limited to a valid student or faculty ID, proof of current enrollment or employment, or evidence of institutional accreditation.

2.3 Revocation: If the Licensor is unable to verify the Licensee’s eligibility, or determines that eligibility was misrepresented, the Licensor may revoke this License and require the Licensee to either cease all use of the Font or convert to and pay the difference for the applicable standard Desktop and/or Web Font Software License.

3. Grant of License and Restrictions

3.1 Non-Exclusivity: This Basic Educational License grants the Licensee a limited, non-exclusive, non-transferable, and perpetual right to use the Font Software strictly as set forth in this Agreement, for so long as the Licensee remains eligible under Section 2.

3.2 Educational Use Only: The Licensee may use the Font solely for non-commercial educational purposes, including classroom materials, coursework, student projects, academic publications, internal institutional communications, and non-commercial institutional websites (e.g., a school or department homepage, course pages, or a learning management system).

Exclusions: This License explicitly excludes:

- Any commercial use, including institutional branding for external marketing or fundraising materials, merchandise, or any revenue-generating work.
- Use by institutional print shops, agencies, or contractors on behalf of third parties.
- Embedding or bundling within mobile applications, software, games, or operating systems.

- Distribution, hosting, or publication of the Font Software itself, whether standalone or bundled with other software or hardware.

3.3 Permitted Installations:

Individual Licensee: The Font may be installed and used by one (1) primary individual user across up to two (2) Workstations owned or controlled by that individual, provided both Workstations are used exclusively by the same individual.

Institutional Licensee: The Font may be installed and used on Workstations owned or controlled by the Institutional Licensee, for use by students and staff within the single institution, department, or program declared at the time of purchase. Use across multiple, separately administered institutions (e.g., a school district or university system) requires a separate license per institution or a custom license — contact unwrittentype@gmail.com.

3.4 Permitted Web Usage: The Licensee may embed and render the Font via @font-face CSS rules on non-commercial educational website(s) or learning management systems associated with the Individual Licensee or Institutional Licensee, without a pageview cap. If such a site becomes commercial in nature, or traffic and usage patterns are more consistent with the Licensor's standard Web Font Software License, the Licensor may require the Licensee to upgrade accordingly.

3.5 Static Artwork: The Licensee may use the Font to create static vector or raster images (e.g., PNG, JPG, EPS, SVG as artwork) for Educational Use across physical and digital mediums, including print, digital screens, and presentations.

3.6 Embedding in Documents: The Licensee may embed the Font in a secure, non-extractable format within electronic documents (such as PDF or EPS files) solely for Print and Preview purposes. "Print and Preview" refers to documents that are static and non-editable by the recipient.

Electronic books, digital magazines, or commercial document templates require that the Font be fully flattened or converted to outlines so that raw Font Software cannot be extracted, edited, or rendered dynamically by third parties.

3.7 Backup Copying: The Licensee is permitted to create one (1) backup copy of the Font Software solely for archival and security purposes. This copy must remain under the exclusive control of the Licensee and cannot be shared or distributed.

3.8 Non-Transfer to Third Parties: Except as expressly provided below, the Licensee may not sell, give, rent, lease, sublicense, assign, or make the Font available to third parties.

Service Bureau Exception:

The Licensee may temporarily provide a copy of the Font to a commercial printer or service bureau strictly for the purpose of outputting a specific educational print job on behalf of the Licensee, provided the service bureau agrees to destroy all copies of the Font immediately upon completion of the work.

3.9 Modifications: The Licensee may not modify, adapt, alter, rename, translate, reverse engineer, decompile, disassemble, subset, or attempt to discover the source code or raw vector data of the Font Software. Any customized derivative versions created without express written consent remain the exclusive intellectual property of the Licensor.

4. Termination

This Agreement is effective for as long as the Licensee remains eligible under Section 2, or until terminated due to a breach. This Agreement will terminate automatically without notice if the Licensee fails to comply with any provision contained herein, or ceases to meet the eligibility requirements of Section 2. Upon termination, the Licensee must immediately cease all use of the Font Software and destroy all original and backup copies in their possession, unless a conversion under Section 2.3 has been arranged with the Licensor.

5. No Warranty

The Font Software is provided “AS IS”, without warranty of any kind, express or implied, including but not limited to implied warranties of merchantability, fitness for a particular purpose, or non-infringement. The Licensor does not warrant that the software will be error-free, operate uninterrupted, or render identically across all environments.

6. Intellectual Property

The Licensee acknowledges that Unwritten Type Foundry owns all intellectual property rights, trademarks, copyrights, title, and interest in and to the Font Software. The Font Software is protected under Spanish Intellectual Property Law (Ley de Propiedad Intelectual), European Union directives, and international copyright treaties.

7. Limitation of Liability

THE LICENSOR DISCLAIMS ALL LIABILITY FOR ANY INCIDENTAL, INDIRECT, SPECIAL, OR CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF PROFITS, BUSINESS INTERRUPTION, LOSS OF DATA, OR COMPUTER MALFUNCTION, ARISING OUT OF THE USE OR INABILITY TO USE THE FONT SOFTWARE. IN NO EVENT SHALL THE LICENSOR’S TOTAL CUMULATIVE LIABILITY EXCEED THE EXACT AMOUNT PAID BY THE LICENSEE TO ACQUIRE THIS LICENSE.

8. Governing Law and Jurisdiction

This Agreement shall be governed by, construed, and enforced in accordance with the laws of Spain. Any disputes, claims, or legal actions arising out of or in connection with this Agreement shall be submitted to the exclusive jurisdiction of the courts of Zaragoza, Spain.
